Instructions to Reviewers:

1. All individuals reviewing this application are required under 35 USC 181 to sign and date this form regardless of whether they are making a security order recommendation.
2. The attached copy of the application, any copies made therefrom and this form must be returned to the PTO once a recommendation not to impose security has been made or a security order has been rescinded.

Time for Completion of Review:

Pursuant to 35 U.S.C. 184, the subject matter of this application may be filed in a foreign country for the purpose of filing a patent application without a license any time after the expiration of 6 months from filing date unless the application becomes the subject of a security order.

The USPTO publishes patent applications 18 months from the date of publication. The USPTO will delay the publication of an application if it is determined that the application contains information that is not available to the public. If the application is determined to contain such information, the USPTO will delay the publication of the application for 90 days from the date of referral to the agency. This application will be delayed for publication 90 days from the filing date or 90 days from the date of referral to the agency, whichever is later, unless a response is provided to the USPTO regarding the recommendation not to impose a security order.
